Technical Skills

Languages: JavaScript, SQL (MySQL)

Frontend development: React-Native, JavaScript, React.js, HTML, CSS, Tailwind CSS, Redux-toolkit, Next.js

Backend development: Node.js, Express.js, MySql, MongoDB,

Tools: Git, GitHub, Postman, Visual Studio code

Course Work: Object Oriented Programming, Database Management System

Achievements

NamasteReact: Certificate

The Namaste React course by Akshay Saini is a comprehensive program designed for both beginners and experienced developers. It provides in-depth knowledge of React through clear and accessible instruction. The course features hands-on projects and real-world examples, which enhance understanding and practical application of React concepts. Akshay Saini's teaching style simplifies complex topics, making it an essential resource for mastering React and effectively applying it in real-world scenarios.
